

Symbol:	N42G-T2
Manufacturer:	NINIGI

Product specifications

Connector:	contact
Connector type:	wire-wire
Connector type:	male
Contacts pitch:	4.2 mm
Mounting:	<ul style="list-style-type: none">• crimped• on cable
Wire size:	24...22 AWG
Maximum current:	9 A
Contact material:	brass
Contact plating:	tinned

Operating temperature:	-40...105 °C
-------------------------------	--------------

Wire cross-section:	200...320 μm^2
----------------------------	---------------------------

Additional information

Gross weight:	0 kg
----------------------	------

Quantity in collective package:	5,000
