

PEAK electronics GmbH Press Release

SMD-DC/DC-Converters with 2 W Power

The new **PSD2 (2 W)** single and dual output converters extend our range of SMD converters.

From input voltages of 5 V and 12 V dc the converters supply unregulated output voltages of 5 V, 9 V, 12 V and 15 V dc also ± 9 V and ± 12 V dc.

The I/O isolation is 1.000 V dc. The converters operate between -40°C and $+85^{\circ}\text{C}$ without derating.
